

## CAFETERIA CUISINE

Cafeteria cuisine  
Isn't really very keen.  
Salads limp.  
Gravies lump.  
And the roast  
Is always rump.  
Pies are gooey.  
Donuts, stale.  
Toast is burnt.  
Brownies, pale.  
Coffee's weak.  
The cheese is strong.  
Help is short.  
The lines are long.  
Fish is bony.  
Meat is gristly.  
Soda's flat  
That should be fizzy.  
Pasta's always overcooked.  
Vegetables are overlooked.  
And the vichyssoise's served hot  
While the baked potato's not.  
You can take me literally  
When I speak of Jello mold.  
And my appetite recedes  
As the chicken wings unfold.  
Hate to waste this food I've gathered.  
Wish I'd brought my Irish setter.  
Also wish I'd brought my lunch.  
Just the brown bag would taste better.
